

# Vercare Antiox 70

—  
The natural antioxidant system

## Description and applications:

Is a clear brownish red viscous oil with mild odor and taste characteristic of vegetable oil. It contains natural mixed tocopherols which are obtained from edible NON GMO vegetable oils. Vercare Antiox 70 is an ideal choice for certified natural cosmetics.

Used as a natural antioxidant in food, feed, cosmetic industries, and personal care.

Vercare Antiox 70 can be added to the oil phase during every step in the production phase, can be used in hot and cold processes
